## ISOSIZE

### Sizing machine for staple fibres

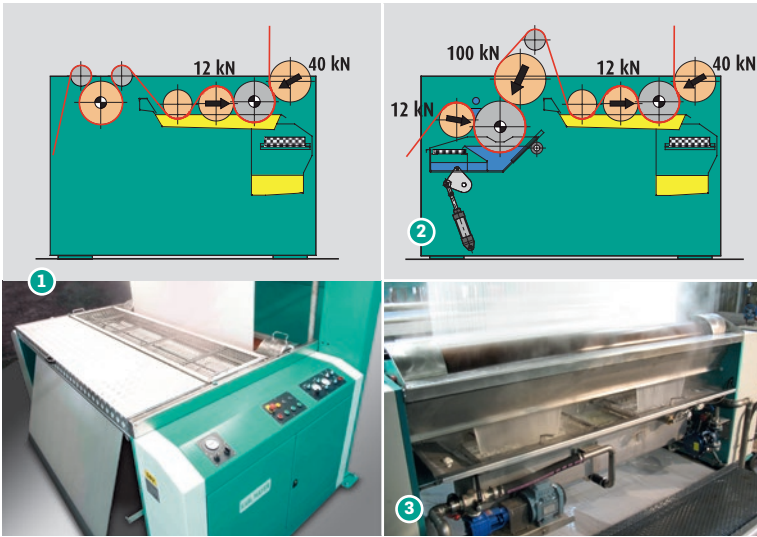

短纤纱浆纱机

#### Your benefit

- Linear design of the rollers
- Yarn always guided and clamped in the wetting area
- Lowering system of the size tank
- Large sizing filters easy to inspect and clean
- Low maintenance required

#### 您的优势

- 压辊线性排列
- 纱线在湿区一直得到握持和引导
- 浆液容器下降系统
- 加大的浆液滤网便于检查和清洁
- 需要少量的维护保养

- 1 CSB type size box  
CSB浆槽
- 2 CSB-PW type size box with pre-wetting unit  
CSB-PW浆槽配备预湿单元
- 3 Large sizing filters easy to inspect and clean  
加大的浆液滤网便于检查和清洁

**Product features**  
产品特点

- Constant let-off tension beam creel
- Triple dip and double nip size box
- Dryer frame for geometric and guidance warp sheet
- Easy and intuitive software
- KAMCOS® system assure reproducibility of production
  
- 提供恒定退绕张力的经轴架
- 三浸双压式浆槽
- 烘房内的纱片沿着几何型路径引导
- 简单、直观的软件
- KAMCOS®系统确保生产的可重复性

**Technical facts**  
技术参数

Machine speed 机器速度	125 m/min 125米/分
Working width 工作宽度	1,800–2,400 mm
Beam diameter 盘头直径	800–1,400 mm
Number of size boxes 浆槽数量	1–2
Number of drying cylinders 烘筒数量	4–20
Loom beam width 织轴宽度	2,100–4,000 mm

- 4 Different dryer configurations for every kind of application  
不同的烘筒配置满足各种要求
